GERMANS URGE HOLDING OF EARLY PEACE CONFERENCE

**ANXIOUS FOR QUICK SETTLEMENT OF OUT-
STANDING QUESTIONS. BOLSHEVIKI
DANGER LOOMS.**

(By the Associated Press)

Germany is still insistent in its demands that the peace conference be held at once. In the interim the Germans are deprived of even civil administration in the Rhineland regions which will be taken over by the allies until a final adjustment of conflicts results.

The grim spectre of Bolshevism has appeared out of the turmoil of the German revolution and has received recognition in Berlin. To guard against disorders in the Russian provinces occupied by German troops the allies have agreed that Germany need not call these forces home until it is considered safe by the allies to do so.

Official confirmation has been obtained of the abdication of Emperor Charles of Austria. The latest of several German minor rulers to quit his throne is Prince Friedrich of Reuss.

The status of William Hohenzollern in Holland has not been definitely fixed.

It is reported that the new Roumanian Government has declared war on Germany.

No Modification of Armistice Terms.

LONDON, Nov. 13.—The allied high command has sent to the German high command a wireless message stating that there can be no modification of the armistice terms at this time. It is added that a supplementary period of twenty-four hours for evacuation of Belgium, Luxembourg and Alsace-Lorraine has been added to the fourteen days stipulated in the original text so as to permit the text to reach German headquarters at the desired time.

Death of Crown Prince Unconfirmed.

WASHINGTON, Nov. 13.—It was officially stated today that the American government has no confirmation of rumors that the former German Crown Prince had been killed.

Germans Evacuating Brussels.

PARIS, Nov. 13.—Germans have begun the evacuation of Brussels. A Dunkirk dispatch to the Paris edition of the New York Herald says King Albert and his family will re-enter Brussels, probably next Friday.

Crown Prince Reported Shot.

LONDON, Nov. 13.—Crown Prince Frederick William of Germany was shot and killed on Monday morning by German soldiers as he was crossing the Dutch frontier, according to an Amsterdam dispatch to the Times and Post.

PARIS, Nov. 13.—Reports that the German Crown Prince has been shot are current here but so far have not been confirmed.

Montenegro Free Again.

LONDON, Nov. 13.—Cettinje, capital of Montenegro, has been liberated, says a Serbian official statement issued Tuesday.

**KAISER STAYS
IN HOLLAND**

**WILL BE INTERNED LIKE OTHER
GERMAN OFFICERS. MAY
PURCHASE HOME.**

(By the Associated Press)
LONDON, Nov. 13.—Holland will permit William Hohenzollern to remain on Dutch soil on the same terms of internment as other high officers of the German army. He has taken the name of Count William Hohenzollern and is expected to purchase an estate and remain in Holland, according to an Amsterdam dispatch to the Exchange Telegraph company. The Telegraaf of Amsterdam says he was allowed to take only his personal property from the imperial train.

KEEP LOOKING YOUNG

**It's Easy—If You Know Dr.
Edwards' Olive Tablets**

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. Most will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

**CANVASS OF TOTAL
VOTE ALMOST COMPLETE**

OKLAHOMA CITY, Nov. 13.—United States Senator Robert L. Owen is running behind J. B. A. Robertson, governor-elect, according to complete official returns from all but ten counties on the recent election, which were tabulated by the state election board yesterday afternoon. These counties give Robertson a total of 85,086 as against 84,601 for Owen. The returns now indicate that A. N. Leecraft, for state treasurer, or Frank Carter, for state auditor, will lead the ticket instead of Robertson. The vote in the governorship race in the sixty-seven counties that have reported, stands: Robertson, 85,086; McKeever, 68,477; and Nagle, 6,329. The same counties give 88,406 votes for suffrage and 65,440 against. Figures given out by the election board show that the amendment's majority of all votes cast in the election is approximately 9,000.

The counties which are yet delinquent with their official returns are Bryan, Canadian, Cherokee, Greer, McCurtain, Oklahoma, Pottawatomie, Pushmataha, Roger Mills and Tulsa.

**CAMPAIGN FOR NUTS
AND PITS ABANDONED.**
The gathering of nuts, peach pits and other material required in the manufacture of gas masks will be abandoned as a result of the signing of the armistice terms. P. A. Norris has just received the following telegram from Chester H. Westfall, secretary to the Governor: "Account armistice signing the gas mask division abandons plan of gathering nuts Sunday afternoon. They ask that all pits, stones, and nuts already gathered be sent in immediately. Please communicate this information to the Red Cross chapters in your county."

**ADA VICTORY GIRLS
GO OVER THE TOP**

All honor to the Victory Girls of Ada, who have by Wednesday noon, gone "Over the Top." Ada's quota is the United War Work campaign was 110 girls. The girls report 116 members and \$371 pledged with many sections of the city not yet reported. It seems quite certain that the girls will double their quota.

Too much cannot be said in praise of the city chairman, Miss Emma Ligon, and her co-workers. Miss Steed, the county chairman, is delighted with reports from over the county and success is assured.

The girls of Stauffer's business college attested their loyalty, not only by generous donations but by a large amount of stenographic work to further the campaign.

The Victory Girls are a splendid band of young women, whose work will be a wonderful inspiration to the older workers in this United War Work Campaign.

The boys "Over There" will know that Ada Victory Girls have remembered every one of them.

OKLAHOMA CITY, Nov. 13.—Gov. Robert L. Williams will give no Thanksgiving dinner for Oklahoma City newsboys this year but the \$250 it would cost to give it will be given to the American soldiers through the seven units represented in the United War Work council.

Governor Williams did not decide the matter. The boys took the initiative. Several days ago they agreed to vote upon the proposition of giving the money to the boys in France.

More than half the boys had voted last night. There had not been a dissenting vote cast when the ballot box was closed last night. The rest of the boys will vote today but there will be no dinner, for the majority of the votes are in.

Speaking of seekers after truth, newspaper men have the rest of the bunch beaten all hollow. In most lines the seeker tries to find such

facts as will bear out some pet theory and he tries to reject all evidence to the contrary. However, the newspaper man, who has any regard for his reputation and that of his paper, seeks real facts to give his readers, whether he approves of them or not. Hereafter history will accord Marshal Foch a place beside Napoleon as a military genius. Six months ago, when the Germans were cutting great gaps in the allied lines and were uncomfortably near Paris and the channel ports, the world held its breath in dread of what might come next. No one believed the war could end under one more year and more probably two. That any campaign could be conducted so masterly that the situation would be reversed and the Huns crushed beyond hope of redemption before Thanksgiving seemed among the impossible things of earth. However, when his preparations were finally completed, Foch took the offensive and what the Kaiser had proclaimed as the "drive for victory" developed into a crushing defeat. Before this no offensive had ever been prolonged for more than two or three weeks at a time, but Foch never relaxed an hour. From one end of the line to the other he kept up his hammering and the

enemy found himself headed for Berlin instead of Paris. Foch seemed to know every weak spot in the German lines and this was where his blows invariably fell. The war had weeded out the incompetent generals scattered through the allied armies at the beginning of the war and with leaders like Haig, Pershing, Diaz, Allenby and D'Esperay under his command and troops who have had no superior in all history, the impossible was accomplished and the world freed of the German menace once for all.

In times past many a poor devil of a German was sent to prison and fined for the heinous crime of lese majeste—speaking disrespectfully of the Kaiser—but now the poorest peasant in the empire can cuss him and most of them are. Through the frightful experience of four years of privation, with actual starvation staring them in the face, the people have learned that their former ruler was not of divine origin and was not, as he claimed, a prime favorite of the Almighty, or rather with a God of brute force such as the German imagination conjured up. It is just plain bill Hohenzollern now, a man without a country, and the last embodiment of the claim of the divine right of kings has been hurled from his lofty position to that of a fugitive. His people are wiser than before but are they capable of self government after so many centuries under the sway of men they accepted as divinely appointed to rule them? Will they follow the most able and patriotic leaders, or will they follow the example of Russia and set up men like Lenin and Trotsky as their rulers?

This war has played havoc in the ranks of kings. The czar of Russia, Kaiser of Germany and emperor of Austria are the big ones and then comes a procession of little fellows, headed by the king of Greece and with two kings from Bulgaria and about a dozen from the various German states, with the king of Saxony in the lead. The king business will be rather on the bum for sometime to come.

Much can be said in favor of hanging the Kaiser and his puny princes, but putting them to work would probably be more painful punishment, particularly if they could be put to work under a Belgian boss.—Oklahoma City Times.

PROCLAMATION.

The hour of victory is come. The hosts of Democracy and Right have triumphed over autocracy.

Those dead of the allies who fell for democracy did not die in vain. It is fitting that we should thank God for victory as well as peace. I hereby set aside Sunday morning, November 17, as a time on which all citizens shall gather in their respective churches and offer up prayers of thanksgiving for the success of our armies and the armies of the Allies. We owe reverence to our great President, Woodrow Wilson, who has piloted us safely to victory, and to our own boys who have fought the fight for Democracy. Especially must we do honor to those of our own state who have laid down their lives that their country might live in peace and honor among the nations of the earth.

In offering thanks for the great victory and in doing reverence to our leaders and our army, may we renew our allegiance to those who must guide the country through the days of reconstruction. The day of patriotism and of personal sacrifice has not passed. From the example of our honored dead we must dedicate our own lives anew to the service of our communities, our state and our country. Those who have died will yet have died in vain unless we preserve, unsullied, the interests and the honor of this great nation established by our forefathers and preserved by their successors.

Done at the State House at Oklahoma City, Oklahoma, this 11th day of November, 1918.
R. L. WILLIAMS,
The Governor of the State of Oklahoma.
Attest: J. W. LYON,
Secretary of State.

FOR FEEBLE OLD PEOPLE

John Devitt Recommends Vinol to Create Strength and Vitality.
MARLTON, N. J.—"I am 69 years of age and after a severe sickness, was in a weak, run-down condition. Vinol has built me up and made me strong, so now I feel real well again, and I can recommend it to others for such conditions."—John M. Devitt.

The reason Vinol was so successful in Mr. Devitt's case is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength. It is perfectly wonderful what it does for old people.—Gwin & Mays Drug Co. and Druggists everywhere.

Close Harmony Under Fire

THE men had finished supper, and sat around in listless groups. Even when a shell went zooming overhead they showed no interest. They were fed up on this war.

A little gray car chugged up the hill to their camp. Two war work men stepped out, carrying between them a curious long box.

"What you got there?" asked the doughboys.

"An organ."

"Well, can you beat that!"

"We've come to give you a little entertainment," said one man. "All right?"

"You bet it's all right," answered a young officer. "This gang hasn't seen a soul from the outside world for weeks. Go as far as you like."

And they did.

They sang the new songs, just over from Broadway. In a minute the whole camp was singing them. Then they sang the verse of a good old close-harmony melody, and the crowd roared the chorus.

"But haven't you men got anybody who can sing?" asked one of the entertainers. The response was immediate and overwhelming.

"Sure we have! Oh, you Shorty! Come on, Happy! Give 'em that 'Perfect Day,' Bill!"

And then things really started.

"Would you know it's the same gang?" asked the American officers.

For two hours it lasted, and then the visitors packed up their organ.

"Come again soon and send more of your men," said the officer. "We can't get too much of it!"

"So long!" yelled the men. "Good luck! Come again!"

Wherever there are American soldiers overseas, these organizations are carrying entertainment to them. Movies, concerts, lectures, local talent, even full-fledged comedies with a truck for the stage, from the simplest sing-songs in the woods to the most elaborate program in city theatres, everywhere free entertainment is provided to meet conditions.

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

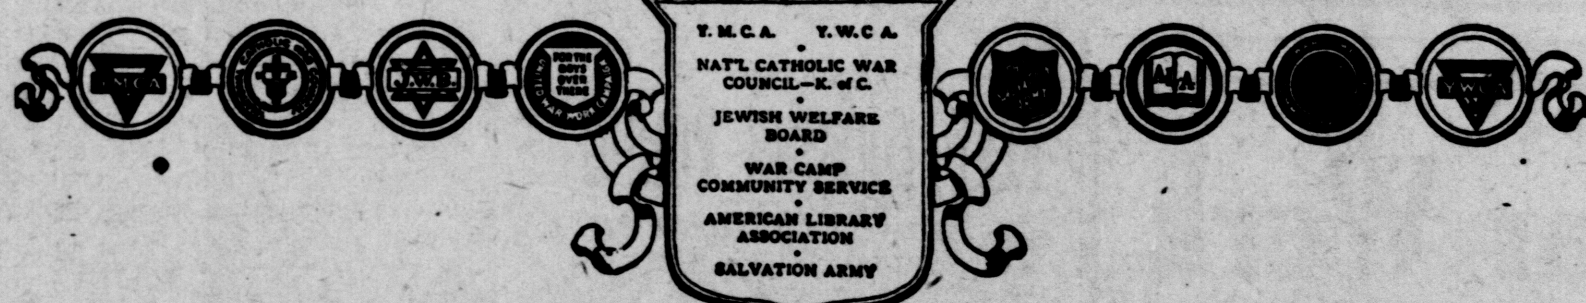

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

3600 Recreation Buildings	2500 Libraries supplying 5,000,000 books
1000 Miles of Movie Film	85 Hostess Houses
100 Leading Stage Stars	15,000 Big-brother "secretaries"
2000 Athletic Directors	Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs. Now give to maintain the Morale that is winning the war!

S. A. T. C. Units to be Continued.

Upon the signing of the armistice which likely brings to a close the war, college authorities having Student Army Training Corps began immediately to wonder what would be the status of these units. President Gordon wired Col. Rees, Chairman of the Committee on Education and Special Training, and had the following reply:

"S. A. T. C. units will continue military and academic work without interruption, regardless of armistice.

Plans have been prepared for the future of the S. A. T. C. under conditions brought about by armistice, which will be sent you and college authorities as soon as authorized. Inform college authorities of this wire.

Red Cross Juniors.
Besides their special work as school auxiliaries, the Juniors also devoted part of their vacation to

proving themselves good Chapter members. Under the slogan "Boost the Red Cross at all times," the children of Lynchburg, Va., collected current newspapers and periodicals for the canteen, ushered at patriotic meetings. In many places where municipal spring house-cleaning had been postponed, the school children ran a clean-up campaign in their spare moments.—From the November Red Cross Magazine.

Because the local authorities closed down upon all public gatherings, the concert was cancelled and Mr. Miller returned to New York. The New Engine

We have received our new Engine, ordered last January, and for several weeks will be tearing out the old and putting in the new. While doing this work we will have only one engine to depend on for service, so there will probably be some interruptions. We trust they will be few and of short duration and that our customers will bear with us patiently. For two or three Sundays, beginning with the 10th, the plant will be shut down from two to six hours while making changes in steam lines necessary to make connections for the new engine.

OKLAHOMA MUST NOT SLAGKEN IN EFFORT

OKLAHOMA CITY, Nov. 12.—Emphatic endorsement is given by the State Council of Defense to the appeal of the federal government that there be no slackening of the spirit of patriotic co-operation which Oklahoma has so far displayed. The obligation to keep up War Savings Stamps and Liberty Bond payments is just as sacred as ever; the neces-

sity to support the War Workers Campaign is just as great; the need for co-operations with the councils of defense and other agencies is just as pressing as ever. Even if an armistice is signed, peace is not yet here.

Even with the coming of peace, there still will be over 2,000,000 soldiers in France, in addition to those in the cantonments. The demobilization of these forces, their return to their homes and to civil life and employment will present tremendous problems. The food situation will remain serious for many months after the war. In meeting these problems the personal support and

co-operation of every individual will be needed as they were needed in the primary problem of defeating Germany on the field of battle.

We must not lay aside our patriotism nor our efforts. The task yet remaining is a tremendous one. Full-victory will come only if we give our fullest energies until victory is here.

MRS. ALICE PAUL DIES AT TULSA

Mrs. Alice Paul, daughter of G. H. Priest, of Ada, died at Tulsa Tuesday evening at 7:30, her death being due to pneumonia following an attack of influenza. The body will be brought to Ada, probably on the 6:40 train this afternoon for interment.

City Schools Open Monday.

I am advised by both Dr. Ross, City Health Officer, and Dr. Threlkeld, County Health Officer, that conditions now justify the opening of the city schools of Ada, Monday, November 18. A strict quarantine will be maintained in case of all children who come from homes where influenza still exists. Teachers will be instructed to make daily inspection of children in order that those sick or those physically unfit for school work may be given proper attention.

We have lost six weeks of this school term and it will take our best effort to even approximately make up the work. After the meeting of

the Board of Education next Monday evening, announcement will be made as to the plan we shall follow in our endeavor to make up the time and the work.

Cheese Easily Digested.
Contrary to opinion held by many people, cheddar or "store" cheese is not unusually indigestible or constipating. Extensive digestion experiments conducted by the department of agriculture have demonstrated that more than 85 per cent of the protein in cheese is digested and that 90 per cent of its energy is available. One person who ate cheese as the chief source of protein and energy, eating an average of 9.27 ounces daily for more than two years, did a fair amount of muscular work and remained in good health.

The Good Done Unto Us.
We speak much of the duty of doing good to others, but too often we forget to count the good that others are continually doing to us. Intentionally or unintentionally, in kindness, in selfishness, in carelessness, they press upon us on every hand, and our lives are shaped and molded by those about us. Even the unreasonable and uncongenial—where we fancy the benefit is all of our bestowing—may be wonderful teachers of sanity and patience.

Useless Contention.
Sooner or later one is measured with the rule that is straight and true. There is one thing that we all find hard to learn, but once learned life is very much simpler and easier to live—contention does not help matters of any kind. Constant aggressiveness, frequent complaining, daily defending of one's position wears away patience and places one in an atmosphere of antagonism which invariably reacts.

Great Mystery Solved.
Doctor Hirschberg says one of the most common causes of stammering is the temporary interruption of speech. You know it is one of the compensations of human existence to have the mystery of a lifetime solved in a jiffy. We ascertained some time back that hunger is frequently caused by a prolonged interruption of the movement of victuals to the stomach.—Houston Post.

Unnecessary Risk.
"Brother Philander," said I to our head deacon the other day, "don't you believe a man can get to heaven without even dropping a cent into the contribution box?" "I suppose so," answered old Philander, "and when you are sick with typhoid fever or any other disease you can doctor yourself. You are taking the chances."—Osborne Farmer.

Egyptian "Kissar."
The kissar is one of the most ancient of Egyptian instruments. It is found represented in monuments antedating the birth of Christ by 2,000 years. It consists of a circular body with a large triangular frame above, from the cross-bar of which five strings pass to the bottom of the frame. It is tuned to the pentatonic scale.

Some Job.
For the first time in 50 years an election is shortly to be held in the London Guildhall for the post of "city aleconner." The position carries a good salary but apparently no particular duties. The "aleconner" was originally an officer who inspected and tested any new brands of ale.

Another Shakespearean Question.
The fact that Shakespeare made one of his characters in "Twelfth Night" say: "But I am a great eater of beef, and I believe that it does harm to my will," has caused the claim to be set up that Shakespeare was a fishmonger on the side.—Seattle Post-Intelligencer.

And He Was Annoyed!
The Proprietor—"What made that customer walk out without buying anything? You didn't offend him, I suppose?" Shopman—"I don't think I did, sir. He asked me to show him a hat to suit his head and I showed him some of our soft felts."—Pearson's Weekly.

Told in a Few Words.
A Brunswick soldier, who was taken prisoner by Americans in the war, said: "Ah! America is a fine free country; it is worth people fighting for; I know the difference by knowing my own; in my country, if prince say, 'Eat straw,' we eat straw."—Thomas Paine.

Origin of "Lawyer."
The word lawyer is said by authorities to be a modification of the old English "law-er," literally "law-man," the second portion of the word being a corruption of the Latin "vir" man.

Destructive Grasshoppers.
Nowendoc, N. S. W., is periodically plagued with grasshoppers, and during their visits the local hen eggs cannot be eaten. Yolk and white are blood-red, a result of the fowls swallowing the insects.

How Vines Draw on Soil.
Vines are said to extract yearly from the soil only about three-fourths of the quantity of potash and sulphuric acid that cereals take up.

If the report proves true that Lenin, the head of the Bolshevik oligarchy that brought ruin on Russia, has died of wounds received at the hands of a girl assassin, it may mean a new day for Russia. With this agent of the Kaiser removed the Russian people, who have already become restive and hard to hold in check and this may give encouragement to the law and order element to an extent that will mean the speedy overthrow of the rule of anarchy that has prevailed since the fall of Kerensky. At all events things will be no worse.

It is reported that Stanley Clark, one of the big men of the Socialist party in its palmy days, was among the batch of I. W. W.'s convicted at Chicago, receiving a sentence of ten years imprisonment and a fine of \$30,000. Clark was arrested on charges of disloyalty in the early days of the war but was released on bond. Shortly afterwards he became entangled with the law at Chicago and will now have a long time in which to meditate on the error of his ways. Clark had made his living so long by cussing the government that he was unable to adjust himself to war conditions and kept it up just a little too long. Unless the higher court reverses the sentence it will be some little time before Clark's voice will be heard again in these parts stirring up class hatred and denouncing "the system."
